

Dear Parent/Guardian,

Our school has been a proud participant of the annual kindness initiative, The Great Kindness Challenge, where we join thousands of schools across the country to create a culture of kindness. Your child is part of a powerful and positive bullying prevention initiative that leads to more kindness, unity, and respect at school and beyond. To help build upon this momentum, we are also participating in a unifying service project, [Kind Coins for Our Earth](#), to help clean up our oceans.

All students are invited to participate by giving their extra coins! From now until June 30, 2023, students can collect spare change at home and in their neighborhoods to be donated to support an impressive ocean cleanup.

This is a great opportunity for our students to learn about the plastic pollution crisis, expand their compassion, and become advocates for our planet Earth.

For more information on The Great Kindness Challenge, please visit: www.greatkindnesschallenge.org.

Thank you in advance for helping to create a culture of kindness and compassion in our community and beyond!

With Great Gratitude,

Your Principal
